KAWASAKI CITY

Kawasaki City celebrates its 100th anniversary in 2024. During Edo Era (1603-1868), the city prospered as a post town on the Tokaido, and it has developed as an industrial city for technology and manufacturing. Today it has many facilities for cuisine and shopping. Walk around the city as you please and discover your favorite spots.

TOPIC / Newly Reborn Kawasaki City Hall Main Building

The main building was rebuilt in 2023. It has a restored building, partially restored from the old main building, and an atrium, making this a place that people are fond of. This building is also a new landmark in Kawasaki City where you can enjoy the superb view from the sky deck on the 25F observation floor.
Visiting Hours / Except for End of Year and New Year's [9:00 - 21:00 (Include Saturdays, Sundays, and National Holidays)]

*There may be changes to each facility's location and operation.
